

Appointments can be scheduled on the So Fetch & So Clean Website or by calling 785.888.8888. **Phone calls will not answered if I am actively grooming.** Please leave a message and your call will be returned at my earliest availability. All text messages will also be returned at my earliest availability.

Appointments are generally scheduled between **8:00 AM - 2:30 PM**, but in some cases you may be able to book a earlier or later appointment. **Appointments after 2:30 PM are subject to a \$10 afternoon express fee.** In order to book your appointment closest to your desired day and time it's helpful to know your schedule preferences. The grooming process typically takes 2-4 hours on most dogs, but remember that things like matting, long length hair styles or other circumstances may cause your groom to take longer.

I strongly recommend getting your pet on a regular set grooming schedule. I typically recommend keeping your dogs on a **6-8 weeks schedule**. With grooms that are breed-specific, double coated (Doodles) or are kept long , the appointments should made every **4 weeks**.

Groomers often observe changes in your dog's health and well-being that can help you care for your dog effectively. Dogs that are groomed frequently are more comfortable with the experience, less matted, and are overall happier. Dogs that are in matted or impacted condition can have skin issues such as irritation, hot spots, and in severe cases, hematomas. Matted and impacted conditions not only cause strain on your dog's body, but on the groomers' bodies as well.

Regular grooming also lets you maintain cute styles and longer hair. I want only the best for my clients, their dogs and for myself, which means **all dogs need to be scheduled at most every 8 weeks, unless otherwise instructed**. I understand that sometimes things happen and you need to reschedule, but chronic rescheduling that causes your dog to be regularly overdue for grooming may cause you to lose your spot in my books permanently.

Dogs need to be filed under the owners name - Not a relative or a friends name.

Doing this makes it very confusing when scheduling appointments and my booking software can only send text reminders to one number on the clients file.

If you fail to show up for an appointment, you will not be notified for rescheduling. **Scheduling appointments and keeping up with them is the responsibility of the client.** Your dog(s) will be rescheduled at my next available appointment time. I will not overbook myself or stress myself out due to poor planning on a clients part.
